STEP 4 - MATHS

Attached below are some examples of the children’s excellent work in Maths this year.

These examples cover an array of Maths topics from Maths trails, to Maths Week events, to STEAM activities where the children use their Maths skills as part of their recording for Science.

The activities below feature classes from Junior Infants to 6th Class.

Mr. T. O’Brien’s 4th Class
Maths Week 2018
Mr. T. O’Brien’s 4th Class had a very exciting week of maths activities
Mr. Carrolls 3rd Class doing a Maths Trail around the school today. The trail was based on addition, subtraction, data, shape and space.

Great fun was had by all!!!
We had lots of fun for Maths week. We were learning all about sorting items into sets. We were busy sorting items by shapes, colours, size, different animals and many more. We worked in different stations and got to work with lots of different materials! Maths is fun! :-)
Angel Wings made from shapes as part of our Maths Week......

Problem solving around our school using our Maths Eyes !!!
Mr. Kennedy's 5th Class collected, graphed and analysed data during Maths Week
Our Class engaged in finding numbers, shapes, and patterns as well as counting, time-telling and measures during Maths Week recently.
Our birthday graph on display for Maths week as children have finished learning about data.

Henry's masterpiece has come to fruition. Building a house of cards is challenging and fun and takes incredible patience and skill. Well done Henry!
Maths Week

There is great activity around the school this week for maths week. To follow is just a taste of what went on. More can be found on the app.

Ms. Kelly’s 3rd Class doing a maths trail based on shape.....
Ms. Donnelly's 4th class waiting patiently to challenge Mr O'Briens 4th class in a 'Tables' game for Maths week.

All very serious here in Ms Donnelly's 4th class as they try and complete tricky Maths puzzles.
Ms. McGraths Senior Infants went on a Maths trail as part of their Maths week activities. The children had great fun finding lots of shapes and numbers around the school. The trail also included lots of counting and measuring activities. Maths is everywhere!
Ms. O’Malley’s Junior Infants Maths Week 2018
Ms. Reale's 6th Class having a session of Swift coding on iPads with our teacher, Mr. Tobin
